

Pumpkin's Story

Little Pumpkin, born in 2005, was found wandering alone in a village. Following a near collision in the traffic, and after being chased by dogs, he was admitted to SPEAR. No-one came forward to claim him. This tiny pony is very bold and brave for his size and is a loveable chap. He is also sometimes a bit naughty and is often referred to by his nickname – ASBO!!

Thank you very much indeed for your support
.Please keep up to date with Pumpkin's Progress
